Directional Drill Equipment

Electrical –Public Works

Are you an energetic, self-motivated, and a detail oriented individual looking for a change? We are currently recruiting for the position of Maintenance Repairer in the Electrical Division of the Department of Public Works and looking for candidates who are experienced in the operation of directional drill machines and other pieces of equipment as needed such as: backhoe, vacuum excavator, front end loader, and derrick digger.

Having experience with utility locating is a plus!

Hands-on training will be provided for the candidate to perform the primary duties of this position which are drilling in various weather conditions; setting up and operating highly specialized directional drills; reading and interpreting plans, instructions, and specifications to determine work activities; monitoring electronic guidance and locating equipment during the drilling phases; adding or removing drill rods; carrying out minor maintenance and repairs including lubrication and cleaning; may also assist in snow removal and ice control operations; and any other job duties as assigned.

Qualifications:

High school or trade school diploma or equivalent.

Recent paid work experience performing light to heavy manual labor related to construction or underground construction; willingness to learn the operation of a directional boring drill machines and other pieces of equipment is required.

Ability to read blueprints and follow work orders.

Licenses and Certificates:

Possession of a valid Wisconsin Driver's License and an acceptable driving record per City policy.

Possession and maintenance of a Wisconsin Commercial Driver's License (Class B, C with air brakes), or obtained within 6 months of appointment to the position. Training will be provided.

See full job description for job duties and qualifications.
